ORIGINAL [®]
euroform W

we are euroform w

an international street furniture company founded in 1965, with headquarter in South Tyrol | Italy.

For 55 years we've been dedicated to the design and manufacture of street furniture, as well as the design and planning of public and private open spaces.

Urban space needs inimitable and distinctive, unique solutions.

Considering that architects' and designers' needs grow and the request for **customized solutions** increases, we as euroform w early have been specialized on this field and are frequently called upon for complex projects and needs.

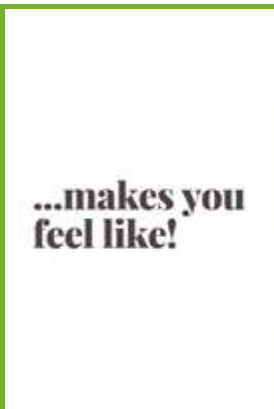

In order to protect and preserve our environment, we pay particular attention to **CO2-neutral production** when manufacturing our products - from the initial idea to the finished piece of furniture.

The two main materials we work with are **hardwood 100% FSC certified** and **top quality steel**.

...this is

**...what our
urban
furniture**

**...makes you
feel like!**

**100% FSC®
certified
hardwood**

**CO2 neutral
production**

**for a livable
world.**
