# Walcher estate distillery

Following your heart is a great thing. Alfons Walcher's passion for fine spirits began in 1966 when the first bottles of grappa were produced at the Turmbachhof estate in Appiano (built around 1190). Today, our range of products has grown considerably and our specialties are sold in more than 30 countries around the world. Many things have changed since 1966, but the art of upholding tradition while cultivating innovation has remained our guiding principle ever since.

There's a perfect place for everything in life, and the southern part of South Tyrol is ours. Appiano - a miniature paradise nestled between picturesque hilly vineyards and fruitful orchards:

this is where the fruit we've been processing into exquisite specialties since 1786 flourishes and ripens.

The sourcing and selection of ingredients has always been a key factor that determined the quality of our products. Nature and us - an exceptionally fruitful relationship since 9 generations.

## GRAPPA-SELECTION

Grappa is the very epitome of Italian fruit spirits and has been our great passion and matter of the heart for more than half a century.

Our vast range of single-varietal grappas will delight even the most discerning connoisseurs, pampering palates with refined tastes and flawless harmony.

## THE PURE SOUL OF THE FRUIT

Where the abundance of nature is paired with distilling expertise: in our still room the very best fruits are distilled to noble fruit distillates of exceptional taste and balance. Smooth, fragrant, pure - for true connoisseurs.

## RISERVA IMPERIALE

Dedicated growing areas, excellent soils and perfect conditions for ripening ensure that the fruit that goes into the products of our premium line Riserva Imperiale develops the most exquisite aromas. Attentive and accurate distillation completes the creation process of these true gems. Natural, authentic, outstanding.

## GOLDCLASS

Two brilliant examples of the high art of distillation: our Grappa Pinot XO L'Or de Noir and our Grappa Lagrinum XO. Best quality raw material from the region, a particularly gentle production process, our self-developed artisan techniques and extended aging periods guarantee exceptional quality and the most exquisite taste experience.

## „LA VITA È BELLA“ LIFE IS BEAUTIFUL

We are particularly proud of our international award-winning Distilled Dry Gin with 24 Mediterranean organic botanicals. Its fruity notes of lemon, citrus and fresh tangerine are absolutely unique and reminiscent of the alluring scent of sun-kissed Mediterranean coasts.

## DISCOVERING TASTE

Tastes are different. That's why our range of products is so extraordinarily vast. On our quest for the true essence we discover truly unique flavours too. With our own signature liqueur creations we whisk taste enthusiasts off on a thrilling voyage of discovery. Many of our specialties are available in different sizes as well, including small ones.

## HERBAL ELIXIRS

Nature offers a seemingly never-ending plethora of roots, flowers and leaves with stimulating and digestive effects. Turning these treasures of nature into pure enjoyment has always been our effort. Our in-house procedures and recipes perfected over the years, combined with the precision of our craft, infuse our specialties with extraordinary quality and effectiveness.

## ITALIAN STYLE

Our exquisite aperitifs and bitters are dedicated to those Italian moments in life. 100% natural and many of them with ingredients from controlled organic cultivation. „La dolce vita“ enjoyed in sips!

## IT'S COCKTAIL O'CLOCK

Pleasure knows no borders - and no end of occasions. All over the world, seductive cocktails are shaken and stirred with our innovative spirits. Our creation Glük with Gin is totally hip and a must-try: the innovative and refreshing Glük Summer Edition features delicious summer fruits and a dash of ginger and is perfect to be enjoyed at the beach or on the terrace.

## LIBERTAS FREE SPIRITS

Our Libertas Free Spirits add a touch of easy-going leisure to life, at the bar or at home. Our non-alcoholic range is a guarantee of full, unfettered cocktail enjoyment in all its glory.

INFUSED WITH THE SOUL OF OUR  
BREATH-taking COUNTRYSIDE and  
inspired by the art of distillation,  
we put our hearts and souls  
into our innermost passion:  
to enrich life with top-quality spirits.  
it's a good feeling,  
because great taste  
connects people.
